Examination Process

University follows a policy of continuous evaluation with the objective of training a student to put in sustained, steadfast and disciplined effort over the entire period of study. The semester evaluation of a course consist of Part A and Part B. Part A comprises the formal evaluation for which student is evaluated through an examination (modes of which may vary such as written exam, open book examination, viva voce etc). Part B comprises the evaluation that is done by the individual instructor based on specific criteria. The weightage of Part A: Part B is 4:1. In case of Part A evaluation, the student is evaluated thrice in a semester and the weightage of this examination is 1:1:2. Thus, unlike the conventional examination system, here the weightage for end semesters examination is 50% whereas 50% of marks are awarded based on evaluation during the semester.

The examination system during odd semester of 2021-22 was conducted in Online Mode whereas University again switched over from Online to Physical mode of Examination in the even Semester of Academic Year 2021-22.

Examination Reforms

Decentralization of Examinations

University switched over from Centralized to Decentralization of Formal Assessments (Test T1 & T2 examination) school wise. This process was introduced to improve efficiency and for more involvement of the respective Schools/Departments in managing the examination
