1. **Cloud Computing**

By: Nayan B. Ruparella. Series: The MIT Press Essential Knowledge Series. Cambridge, Massachusetts : The MIT Press. 2016. eBook. Description: Why **cloud computing** represents a paradigm shift for business, and how business users can best take advantage of **cloud** services. Most of the information available on **cloud computing** is either highly technical, with details that are irrelevant to non-technologists, or pure marketing hype, in which the **cloud** is simply a selling point. This book, however, explains the **cloud** from the user's viewpoint—the business user's in particular. Nayan Ruparella explains what the **cloud** is, when to use it (and when ... (AN 1238007)

Subjects: COMPUTERS / Distributed Systems / **Cloud Computing**; **Cloud computing**—Security measures; **Cloud computing**
