Examination Process

University follows a policy of continuous evaluation with the objective of training a student to put in sustained, steadfast and disciplined effort over the entire period of study. The semester evaluation of a course consist of Part A and Part B. Part A comprises the formal evaluation for which student is evaluated through an examination (modes of which may vary such as written exam, open book examination, viva voce etc). Part B comprises the evaluation that is done by the individual instructor based on specific criteria. The weightage of Part A (Continuous Evaluation): Part B (End Term Examination) is 50%:50%. Thus, unlike the conventional examination system, here the weightage for end semesters examination is 50% whereas 50% of marks are awarded based on evaluation during the semester.

This process was introduced to improve efficiency and for more involvement of the respective Schools/Departments in managing the examination.

Automation of Examination on ERP

ERP/ EMS (Education Management System) is comprehensive software which provides integrated solution to enhance and digitize the examination processes. Few new modules were added in the Academic year 2022-23 as given below:

- Admit Cards released at Students' Portal
- Containers creation for Uploading of Marks for Open electives
- Scheduling of Date sheet through import of Excel sheet.
