

Manav Rachna University, Faridabad
Internal Quality Assurance Cell (IQAC), &
Manav Rachna Academic Staff College (MRASC)

Report on One Week FDP “Enhancing Teaching Learning Quality”

Date: 15th-21st March 2018 (15th-16th, and 19th -21st)

Venue: I-Block Auditorium

Time: 9.45AM Onwards

Resource Persons: Dr. V.K. Mahna and Dr. S. K. Bedi

Participants: Faculty Members from various disciplines of the University

The One-Week Faculty Development Programme on Enhancing Teaching-Learning Quality was a valuable opportunity for faculty members at Manav Rachna University to gain new skills and knowledge to improve their teaching practices. The program was organized by the Internal Quality Assurance Cell (IQAC) and Manav Rachna Academic Staff College (MRASC) from 15th March 2018 to 21 March 2018.

Overview of the Program

The program was structured around a series of sessions delivered by experts in various fields. The first three days of the workshop were conducted by **Dr. V.K. Mahna**, ED Quality Assurance and Enhancement, who focused on advanced Excel techniques and enhancing communication skills. He taught participants words from French, Latin, and English languages and asked them to use those words to make sentences. This approach helped participants to develop their language skills and communicate more effectively.

On the fourth and fifth day of the program, **Dr. S. K. Bedi**, Dean, Faculty of Management Studies, MRIIRS, led sessions on how to organize a successful brainstorming session and leading faculty teams for developing quality curriculum. During the brainstorming session, participants were asked to share their ideas on how to tackle the problem of rising student absenteeism in higher education, which allowed for a valuable exchange of ideas and best

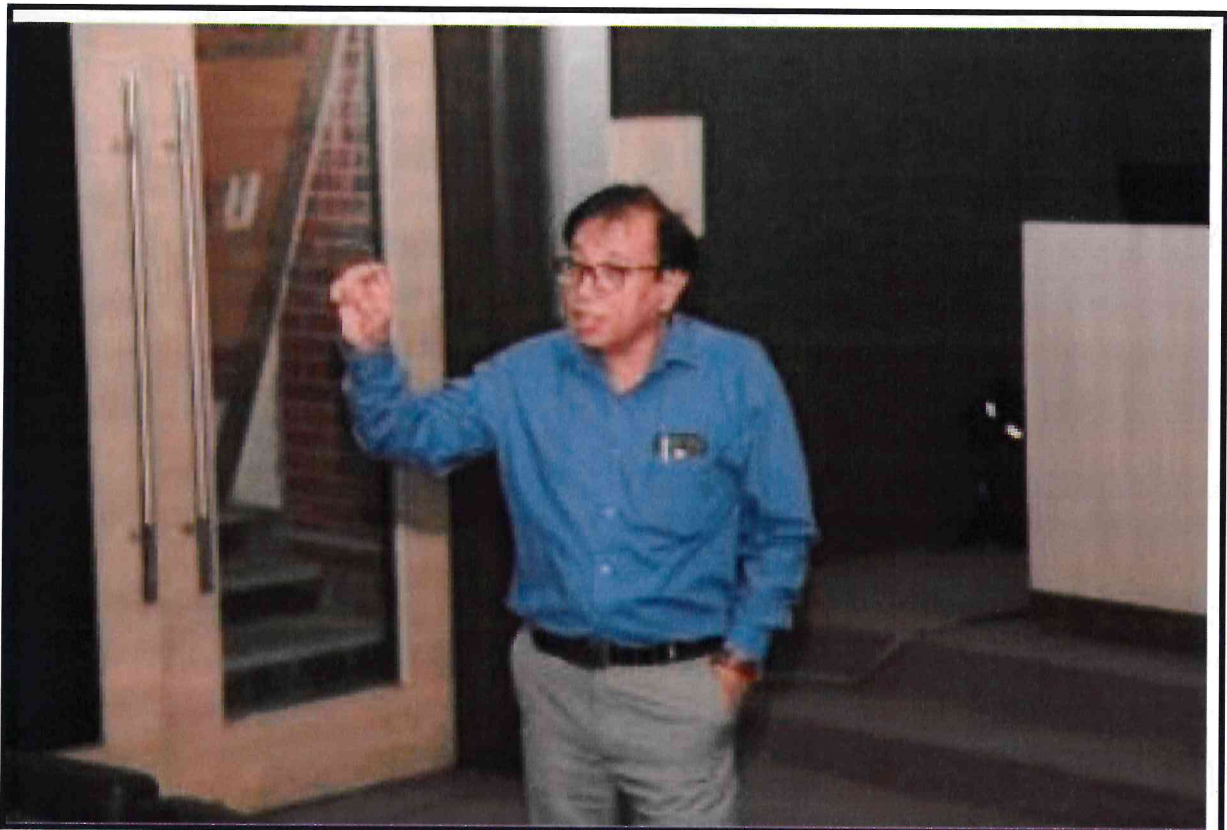

practices. Dr. Bedi also discussed the art of developing a quality curriculum, including the challenges and obstacles that educators may face during the process.

The program provided participants with essential skills and knowledge to apply in their pedagogy. Participants gained advanced Excel techniques that will be useful in organizing and analyzing data, enhancing communication skills, and developing quality curricula. The brainstorming session on the topic of rising student absenteeism in higher education provided an opportunity for educators to share their experiences and learn from one another. The program also helped to build relationships among participants and promoted a sense of community within the university.

Conclusion

Overall, the One-Week Faculty Development Programme on Enhancing Teaching-Learning Quality organized by the Internal Quality Assurance Cell (IQAC) and Manav Rachna Academic Staff College (MRASC) was a highly valuable event for faculty members at Manav Rachna University. By providing advanced Excel techniques, enhancing communication skills, and discussing how to tackle the problem of rising student absenteeism in higher education, the program helped participants to improve their teaching practices and enhance the quality of teaching and learning at the university.

Ch. S. K. Bedi
