

University Outreach and Educational Engagement with the Wider Community

Yes, our university actively engages in a variety of outreach and educational activities aimed at benefiting the wider community. These initiatives are designed to foster lifelong learning, social inclusion, and community development. Regular workshops, awareness campaigns, and training programs are organized for local residents, school students, and marginalized groups to enhance their skills and knowledge. Alumni are also encouraged to participate through mentorship programs and expert talks, helping to build a strong bridge between the university and society. Additionally, special educational support and counseling sessions are conducted for displaced and underprivileged individuals to promote equal access to education. Through these sustained efforts, the university continues to uphold its commitment to social responsibility and inclusive growth.

Manav Rachna University (MRU) strongly believes in the transformative power of education and its role in shaping sustainable communities. In alignment with the **United Nations Sustainable Development Goals (SDGs)**—particularly **SDG 4 (Quality Education)**, **SDG 10 (Reduced Inequalities)**, and **SDG 11 (Sustainable Cities and Communities)**—the university has established a range of **dedicated outreach educational activities** that extend beyond campus boundaries to benefit the wider community.

These initiatives aim to create an inclusive and empowered society by engaging **students, faculty, alumni, and local residents** in meaningful educational programs and awareness drives.

Social Internship Community Outreach

Cleanliness / Sustainability/Drives

6 July 2023 - Cleanliness Drive at Old Faridabad Railway Station

A Cleanliness Drive was organised at the Old Faridabad Railway Station in which Students and Faculty Members from MR Campus actively participated in cleaning and also motivating people not to litter.

2 July - 15 July, 2023 - Plastic Collection & Waste Segregation Awareness

Foundation Interns visited various departments on MR Campus to spread awareness about waste segregation and motivate the Staff and Faculty to take part in the Plastic Collection Drive being run by the Foundation.

31 July, 2023 - First Plastic Collection Drive

Dr O P Bhalla Foundation conducted the first Plastic Collection Drive for the MR Fraternity. The drive was conducted at 3 locations within the campus. The Staff were to segregate the waste at their homes and donate it for recycling. We would like to especially mention MRIS,CW for sending out a huge collection of plastics. This drive would be conducted on a monthly basis. Benches would be made by recycling this plastic which will be placed at various locations

11-12 July, 2023 - Annual Plant Distribution Drive

Annual Plant Distribution Drive was conducted, where indigenous plants were donated to Save Aravali Trust and Eco Club, Faridabad which have further been planted across Faridabad.

17 July - Plantation Drive for Green Belt Development 🌱

Dr. OP Bhalla Foundation organised a plantation drive to develop the Green Belt outside the newly developed Off Campus Hostel at Sector 45, Faridabad. The drive was joined by Foundation Volunteers and Volunteers from DSW - MRIIRS and MRU Students. Dr. NC Wadhwa addressed the Students on the importance of Tree Plantation and everyone took a Green Oath to plant more trees and protect the environment. The drive was also joined by Dean-DSW-MRIIRS, Dy. Director.

1st January - Donate Life Organ Donation Campaign Launch

1st January, 2024 On the occasion of New Year's Day, the team of Dr. O P Bhalla Foundation in association with Ms. Syeria Bhalla, Student Ambassador for organ Donation from MRIS, Sec 14, Fbd launched 'Donate Life: Join the organ Revolution campaign and motivated people to donate organs. They sensitized individuals about organ donation and also facilitated registrations for those willing to donate organs.

22nd December - Vaccination Camp (Hepatitis B & Tetanus)

On December 22nd, 2023, team Dr. O P Bhalla Foundation and MRDC collaborated with Dr. Suraj Prakash Hospital to organize a free vaccination camp. In this camp doses of hepatitis B and tetanus were given to the housekeeping and security staff of Manav Racna campus.

4th December - Nimaya School Outreach

On December 4th, 2023, Team Dr. O P Bhalla Foundation visited villages for the Nimaya program. During this visit, the team engaged with the management of government schools and colleges, seeking support for the program. They discussed the details and objectives

of the program and requested assistance from the educational institutions for its successful implementation.

3rd December - Health Camp at Shiv Public Senior Secondary School

On 3rd December, 2023 Dr OP Bhalla Foundation organized a Mega Health camp in collaboration with Public Rights Protection Forum at--- Shiv Public Senior secondary School , Dhakiola, Faridabad where various health services like blood sugar, BP , physiotherapy etc were provided. Team from SDS, MRIIRS also joined this camp and screened 54 patients while treating 13. Ultrasonic scaling was done for 8 patients and Dental filling was done for 5 patients. Patients were referred to MRDC for further treatment on- 04-12--2023.

22nd December - Christmas Carnival Participation at MRIS

On December 22nd, 2023, team Dr. O P Bhalla Foundation along with their volunteers, participated in the Christmas Carnival at MRIS sec- 14. Team DOPBF set up their own stall and involved Dharti Maa Trust by setting up a stall for them.

24th December - Free Gift Stall at Winter Carnival

On Christmas Eve, Dr. O P Bhalla Foundation organized a Free Gift Stall at the Winter Carnival, hosted by the Reading Raccoon Foundation. Children had the opportunity to participate in various games, win prizes, and choose free gifts from the stall. These gifts, including stationery, clothes, toys, and books, were collected through contributions from MRites in initiatives like Raddi Recycling, Be a Santa to Someone, and Share if You Care. 500 notebooks, over 600 stationary items, and over 1500 pieces of clothing and toys were distributed, adding joy to the holiday season for these children. More than 700 individuals went with a gift from our stall. The Foundation extends heartfelt gratitude to Manav Rachna Educational Institutions and Lambdatest for their generous donations, making the holidays special for these young ones.

30th December - Recycled Notebooks Distribution

On 30th December, 1500 more notebooks were received by Team DOPBF. The notebooks are made of recycled paper given from the campus under the Raddi Initiative. These notebooks are further being distributed to the underprivileged students and also at various Government Schools across the district.

Visit to Angels Public School for SDG Awareness

Title: Visit to Angels Public School for SDG Awareness

Date: October 20, 2023

Purpose:

The aim of the MRCPS volunteer-led visit to Angels Public School on October 20, was to in still awareness and understanding of sustainability among students through interactive activities and poster creation.

About the event:

On October 20, volunteers from Manav Rachna Centre for Peace and Sustainability (MRCPS) orchestrated an impactful visit to Angels Public School in New Delhi as part of their "Education for Sustainability" (ESDP) project. The primary objective was to impart valuable insights about sustainability to the students, fostering a sense of environmental consciousness and responsibility. The volunteers engaged the students in a series of interactive activities designed to enhance their understanding of sustainable practices. During the visit, the participating students were actively involved in hands-on activities, contributing to the creation of informative posters that encapsulated key aspects of sustainability. This hands-on approach not only facilitated a dynamic learning experience but also empowered the students to visually express their newfound knowledge. The collaborative effort in making posters became a platform for students to absorb practical lessons about sustainable living, reinforcing the importance of responsible choices and environmental stewardship.

The MRCPS volunteers played a pivotal role in facilitating an enriching educational experience at Angels Public School, underscoring the organization's commitment to promoting sustainability through hands-on engagement and interactive learning. The visit left a lasting impact on both the volunteers and the students, emphasizing the significance of education for sustainability in shaping conscientious future leaders.

School Visit for SDG Awareness

Title: MSC School Visit for SDG Awareness

Date: January 18, 2024

Venue: MSC school Anangpur Village, Faridabad

Manav Rachna Centre for Peace and Sustainability recently organized a visit to Anangpur Village MSC School as part of their Education for Sustainability Program (ESDP). Dr. Pooja led an insightful session for the students, focusing on sustainable development principles.

As part of this initiative, sustainably made notebooks were distributed, emphasizing the importance of eco-friendly practices in everyday life. The session aimed to instill a sense of responsibility for the environment among the students, promoting a holistic understanding of sustainability. Student heads Diya and Ipshita efficiently coordinated the event, ensuring its smooth execution.

School Visit for SDG Awareness

Title: Visit to MSC Public School for SDG Awareness

Date: February 1, 2024

Venue: MSC school Anangpur Village, Faridabad

Manav Rachna Centre for Peace and Sustainability recently organized a visit to Anangpur Village MSC School as part of their Education for Sustainability Development Program (ESDP).

Ms. Yashita and Ms. Avni led an insightful session for the students, focusing on sustainable development principles. As part of this initiative, prizes were distributed, emphasizing the importance of eco-friendly practices in everyday life. The session aimed to instill a sense of responsibility for the environment among the students, promoting a holistic understanding of sustainability.

Student heads Akshita and Chetna efficiently coordinated the event, ensuring its smooth execution. The enthusiastic participation of the school students reflected their engagement and receptiveness to the crucial information shared during the sessions.

The success of the visit was made possible by the meticulous planning and coordination of Ms. Avni, who orchestrated the entire event. Overall, the event aimed to sensitize students about the importance of sustainable development from an early age, laying the foundation for informed and responsible citizenship.

Glimpses of the event:

ISR

Title: Project Khushi Visit

Date: October 12, 2023

Venue: Pacific Mall

No. of participants: 150

No. of volunteers: 5

Purpose of the event:

The primary aim of 'Project Khushi' by Manav Rachna Centre for Peace and Sustainability is to promote mental well-being and happiness, aligning with the United Nations Sustainable Development Goal 3 – Good Health and Well-being.

About the Event:

Manav Rachna Centre for Peace and Sustainability's 'Project Khushi' stands out as a dedicated effort to contribute towards achieving United Nations Sustainable Development Goal 3 (SDG 3) – Good Health and Well-being. The Sadbhav team, in organizing heartening interactions at Pacific Mall, prioritized mental health discussions, thereby promoting a holistic approach to well-being. By addressing mental health concerns openly and spreading joy through smiles and hugs, the initiative actively supports the overarching goal of ensuring healthy lives and well-being for individuals within the community.

This intentional focus on SDG 3 underscores the organization's commitment to making a positive impact on public health, recognizing that mental well-being is a crucial component of overall health. 'Project Khushi' serves as a beacon, demonstrating how local initiatives can align with global sustainable development objectives. By fostering awareness and empathy around mental health, Manav Rachna Centre for Peace and Sustainability exemplifies how grassroots efforts contribute significantly to building a healthier and more resilient society, in line with the principles of SDG 3.

In conclusion, 'Project Khushi' not only spreads happiness but also plays a vital role in advancing the broader global agenda for health and well-being. Through this initiative, Manav Rachna Centre for Peace and Sustainability showcases the transformative power of community-driven actions in addressing specific Sustainable Development Goals, paving the way for a healthier and more connected world.

Spreading Happiness by students in Pacific Mall

Workshops

Accessibility & Inclusive Education

Workshop on Digital Accessibility for Visually Impaired Students

Dr. OP Bhalla Foundation facilitated the event with Swami Vivekanand Library, Manav Rachna University, a remarkable Workshop on Sugamya Pustakalaya at the National Institute of Blind, NIT, Faridabad. The workshop aimed to provide visually impaired students with essential skills to navigate the online resources effectively. Seventeen visually impaired students participated in the workshop. Witnessing the students' determination and quick adaptability to the platform was nothing short of astonishing. The workshop not only empowered these bright minds but also shed light on the importance of accessible resources for visually impaired individuals.

23 July - Sustainable Sunday & Green Ghar Initiative

Dr. O P Bhalla Foundation and United Springfields Welfare Association organised Sustainable Sunday under Green Ghar Initiative in which our Volunteers sensitised residents of Springfield about the importance of Waste Segregation and Plastic Recycling. We promoted our G2 Initiative and motivated youngsters about Environmental Conservation via. Green Pledge and Drawing Competition sponsored by Kotak. Workshops were also organised on recycling of plastic bottles to planters and learning the art of calligraphy. Around 100 residents joined the event. The RWA would now regularly collect plastic waste from the residents and hand it over to Dr OP Bhalla Foundation for getting it recycled into benches and other useful activities. Workshops were also organised on recycling of plastic bottles to planters and learning the art of calligraphy. Around 100 residents joined the event. The RWA would now regularly collect plastic waste from the residents and hand it over to Dr OP Bhalla Foundation for getting it recycled into benches and other useful activities.

11th January - Organ Donation Awareness Session

On 11th January Students Welfare wing of MRIIRS and School of Allied Health Sciences conducted an awareness session on Organ Donation as a part of Donate Life - Join the Organ Revolution Campaign under the aegis of the Dr. O P Bhalla Foundation aiming to enlighten students about the significance of organ donation. More than 200 students witnessed the session. The session was addressed by Dr. Gurjeet Kaur Chawla, Dean Students Welfare. The discourse was initiated by presenting statistics that shed light on the existing gap between the demand and supply of organs in the country. The session delved into an insightful discussion on past and ongoing campaigns that have played a pivotal role in boosting public awareness regarding organs donation.

Education, Skill Building & Career Guidance

Career Guidance & Psychometric Analysis Plans

Team FEC has been charting out plans to implement Career Guidance Workshops through a psychometric analysis in the Govt Schools. The pilot programs were very well received and we wish to take it up in other Govt Schools as well. This will be discussed at the scheduled FEC Meeting of Trustees.

2nd September - MRIS Social Internship: Radio Interview

2nd September - MRIS Students who had participated in the Social Internship Program of the Foundation and worked on the project Green Grah got the opportunity to do an interview in Radio Manav Rachna where they talked about their project, its ideation, conceptualisation, and implementation.

14th & 16th December - Margdarshan Career Aptitude Test

On Dec 14th & 16th, 2023, as a continuation of the Margdarshan initiative, Dr. OP Bhalla Foundation hosted 98 students, respectively, from GGSSS Old Faridabad at Manav Rachna Campus for a Career Aptitude Test. Team from CDC also guided the student about the report and its interpretation. The primary goal remained consistent: to provide these students with valuable insights into their future career and higher education opportunities, aligning with our commitment to Sustainable Development Goal.

14th & 16th December - Kaushal IT Skilling Program

On 14th and 16th December, 2023, the students from the second batch of Kaushal Initiative, the IT Skilling Program were brought to the campus for their close to final classes. They were given classes for Microsoft Excel and were also given a revision of the

syllabus completed so far. This batch of 50 consists of students studying in class 9th to 12th of GSSS Ankhir.

Global Peace Leadership Conference Indo-Pacific 2023

Youth 'Sustainathon' at Manav Rachna University Opens Three-Day Global Peace Leadership Conference in New Delhi

"The greatest threat to the planet is the belief that someone else will save it," observed Dr. Prashant Bhalla, quoting the British explorer and environmentalist Robert Swan. The first person ever to walk to both of the earth's poles, Swan added that India "holds the key" to saving the planet in the next half-century.

Dr. Bhalla, President of Educational Institutions at Manav Rachna University, welcomed students and international guests on April 11 to the Youth Sustainathon: Leap Hubs Challenge Inauguration at Manav Rachna University. Leap Hubs is a Leadership and Entrepreneurship program piloted in Kenya by the Global Peace Foundation to provide guidance for highly motivated students to learn how to start a business or set up a social

enterprise. The Sustainathon opened a three-day Global Peace Leadership Conference hosted in New Delhi by the Global Peace Foundation.

Bringing focus to environmental sustainability and entrepreneurship, Dr. Bhalla said the inaugural assembly and Sustainathon sought "to take a step forward for our own planet and sustainable future and for generations to come by encouraging youth to contribute their innovative ideas." Students from the New Delhi regions and across the country were given the opportunity to showcase their projects to promote environmental sustainability.

"The Goal is not just to discuss but come up with practical and solutions that we can implement in our daily lives," Dr. Bhalla said. "Sustainability is not just about protecting the environment but also about creating a just and equitable world."

Dr. Prashant Bhalla, President of Educational Institutions
at Manav Rachna University

Dr Markendey Rai, Chairman of Global Peace Foundation India and Senior Advisor of the United Nations Human Settlements Programme, praised the visionary leadership of GPF chairman Dr. Hyun Jin Moon, and particularly the guiding vision of One Family under God, which he said “motivated me to join Global Peace Foundation” after meeting Dr. Moon in 2008. As India is celebrating 75 years of independence and is hosting the G20, “this seemed like the right moment to extend an invitation, which he has honored today.”

Innovative Projects to Support Sustainable Future Presented at Youth Sustainathon

Dr. Prashant Bhalla, President of Manav Rachna University Educational Institutions (MREI) , welcomed students and International guests on April 11 to the Youth Sustainathon: Leap Hubs Challenge Inauguration at Manav Rachna University. The Leap Hub Challenge invited diversified teams of students to identify a real-world problem in India (in the community or society) and propose a viable solution with the support of mentors. The projects could be technology-based, community-driven, product-based, service-based, or other creative and innovative approaches. The ideas were evaluated by experts based on Novelty of the idea, including complexity, clarity and details in the prescribed format, feasibility, and practicability Sustainability, scale of impact, user experience and potential for future work progression.

Leap Hubs is a Leadership and Entrepreneurship program piloted in Kenya by the Global Peace Foundation to provide guidance for highly motivated students to learn how to start a business or set up a social enterprise. The program provides employability and work readiness skills such as professional CV development, presentation for job interviews, and office etiquette. The Leap Hubs approach supports young innovators through a development boot camp followed by mentorship and coaching. Selected teams presented their projects before the Jury of academicians, venture capitalists, and civil administrators at Manav Rachna University on Day 1 of the 2023 Global Peace Leadership Conference. Students from Netaji Subash University of Technology, Manav Rachna International Institute of Research and Studies, Manav Rachna University, and Symbiosis Law School in the states of Delhi, Haryana, and Uttar Pradesh and their respective schools were awarded cash prizes for their winning entries. The projects included diabetic care, lung cancer treatment, a vehicle breathalyzer that disables the car when detecting alcohol, a nitrogen biosensor to identify environmental hazards, and a compact chimney to safely and economically vent kitchen cooking units.

Delegates from Around the Globe Gather to Discuss Innovative Ways to Foster Peace

International Exchange between Manav Rachna University Students , India & Seikei Univ. Students , Japan (EAGLE) –Virtual Meet

Oracle volunteers and ICT academy invited Manav rachna University to be a part of international cultural exchange event and nominate students for presentation and participation in understanding and appreciating Indian-Japanese culture. 25 students were shortlisted from Manav Rachna University and Manav Rachna International Institute of Research and Studies to participate in the cultural meet. The exchange was conducted between students of Manav Rachna University in India and Seikei University in Japan.

Objective – Understanding and Appreciation of Indian and Japanese culture

Cultural awareness helps us respect diversity, appreciate uniqueness, enhance creativity and problem solving, broaden horizon and end discrimination. As businesses are getting multinational, culture appreciation is an important work place skill. The details of the interaction are as follows:

Event Details:

The event was divided into two parts-

Session 1- Presentation and Q & A round

Session 2- Group Discussion round

The event was moderated by Dr. Peter Evans of Seikei university by welcoming the speakers and the students. Prof. (Dr.) Fuhito Endo - Director of Seikei Institute for International Studies was the first speaker to provide the opening remarks followed by Midori Kawamukai, Senior Manager, Corporate Citizenship, Oracle, JAPAN.

Prof. (Dr.) D.S. Sengar- Pro Vice Chancellor, Manav Rachna University represented India and highlighted the role of culture from Indian perspective. He further mentioned the possible outcomes of this Indo-Japanese cultural meet and invited them to visit India to experience the beauty of Indian Heritage. He further shared his experience of witnessing the famous Cherry Blossom festival on his earlier visit to Japan.

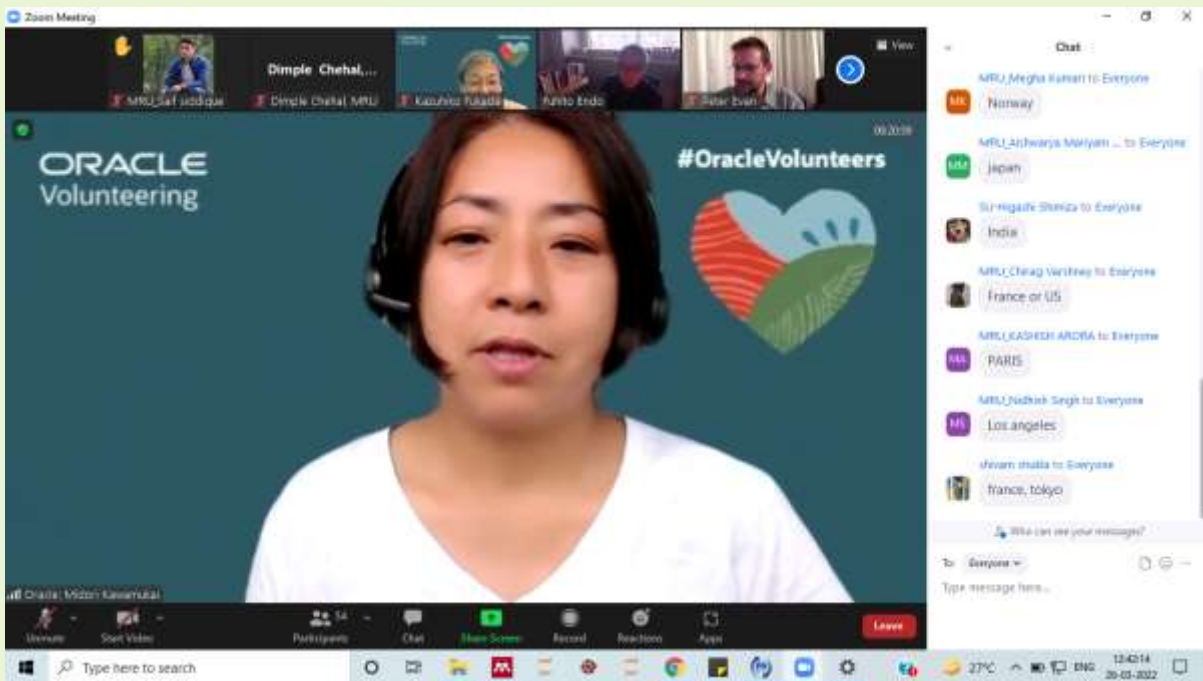

For the first session, two students from Manav Rachna, Chirag Varshney and Durga Bhardwaj were shortlisted to represent Indian culture. They presented the USPs of Indian culture to Japanese students and answered their queries, followed by attending the presentation prepared by two students from Seikei

Event Date-Mar 26 March (Sat) 12:30 - 14:30 IST

University, Higashi Shimizu and Wakana Yasukouchi. The session lasted for about 1 hour of the entire meet. For the second session, group discussion between the students was conducted. Ten breakout rooms with five students each (three from MR and two from Seikei) were created to help students understand each other's culture in a better manner. During the student discussion, the faculty representative interaction continued between the two hosts simultaneously.

Prof. (Dr.) Pradeep Varshney, Dean Research, Manav Rachna University expressed his desire for future collaboration with Seikei university in research and development. He also invited the Japanese representatives to visit Manav Rachna University and experience the diverse culture here.

This was followed by vote of thanks provided by Prof. (Dr.) Geeta Thakur, Dean Student Welfare, Manav Rachna University.

DR. KYOUNG HYO KIM'S VISIT TO MANAV RACHNA EDUCATIONAL INSTITUTION

Dr. Kyoung hyo Kim, the esteemed Executive Vice President of Family Peace Association-International, recently visited the Manav Rachna Educational Institution, where he engaged with faculties and students in an inspiring and thought-provoking session. His visit aimed to share his vision of **"One Family under God" and the "Korean Dream," underscoring the importance of peace and harmony in our global society.**

During the visit, Dr. Kim commended the efforts of the Manav Rachna Centre for Peace and Sustainability and praised the PEACE CORRIDOR initiative led by the students. Interacting with faculty members, students, and distinguished guests, including Dr. N.C. Wadhwa, Prof. Dr. Sangeeta Banga, Dr. Geeta Thakur, Mr. Promod Sharma, and Mr. Bimal Rai, Dr. Kim highlighted the significance of fostering unity and understanding among diverse communities. ICT-Academy coordinators would like to thank Prof. (Dr.) D.S. Sengar- Pro Vice Chancellor, Manav Rachna University, Prof. (Dr.) Pradeep Varshney, Dean Research, Manav Rachna University for sparing their valuable time and gracing the event. We would also like to thank Prof. (Dr.) Geeta Thakur, Dean Student Welfare, Manav Rachna University for her valuable guidance to the students and making this event a success.

The session commenced with Dr. N.C. Wadhwa sharing insights into the historical relationship between India and Korea, emphasizing cultural exchange and shared values. Dr. Kim then delivered a captivating speech, elaborating on the concept of "One Family under God" and the "Korean Dream," stressing the importance of global citizenship and

promoting peace across borders. Dr. Sangeeta Banga, Pro Vice Chancellor of Manav Rachna University, reiterated the institution's commitment to nurturing responsible global citizens and fostering a harmonious and sustainable world through holistic education.

24th January, 2024 - Workverse Smart Fellowship MoU

On 24th January, 2024: Dr. O P Bhalla Foundation and Manav Rachna Educational Institutions signed a Memorandum of Understanding with Workverse, founded by Samyak Chakraborty in the presence of Program Advisor Ms. Navya Nanda, co-founder of Nimaya. This collaboration is aimed to support the Smart Fellowship, a career accelerator program for women from restrictive backgrounds that helps them build an inspirational career. A batch of 60 underprivileged students will be a part of this programme. The Smart Fellowship is powered by Escorts Kubota Limited, an initiative by Workverse and Nimaya . The MoU was signed by Dr NC Wadhwa, Vice Chairman, Dr OP Bhalla Foundation and Mr. Samyak Chakraborty, Founder, Workverse; in the presence of Dr Prashant Bhalla, President, MREI; and Ms. Navya Naveli Nanda, Founder, Nimaya Foundation and other senior members from MREIS, Nimaya Foundation, Workverse and EKL.
